6. [] Received a call from Miss Varney Porter, Senate Foreign Relations Committee staff, who is doing the final editing of the changes in the transcript of the DCI/Laird testimony of 23 June. Miss Porter indicated that in lines 22 through 26, page 167 of the transcript, Department of Defense advised that the statement made at that point by the Chairman could be retained in the published statement provided the quotation marks at the beginning and end of the statement were removed. Agency security review had requested deletion of the entire statement. Miss Porter indicated that as far as she knew this is the only point of inconsistency in the security deletions requested by the Agency and DOD. After review Miss Porter was advised that the Chairman's statement might be retained in the published statement provided the quotation marks were removed. Miss Porter was most appreciative.
